PROVISION OF IT MANPOWER

If high staff turnover, long turn-around-time for staff recruitment, lack of additional IT manpower for short term projects are some of the challenging issues in your current IT support environment, V-Tech can help you to free you from the headaches of recruiting and maintaining your own IT support team.

SALES OF IT HARDWARE AND SOFTWARE

If you are looking for a vendor supplying a wide range of IT equipments and peripherals from major leading brands, you can count on us to provide this single point of contact for your IT procurement needs.

RENTAL OF IT EQUIPMENTS

Why purchase IT equipments that you only need for a short-term basis when you can rent them from V-Tech? We offer rental of IT equipments such as desktops, laptops, printers and servers. Delivery and installation services can be provided upon request.

PROJECT MANAGEMENT SERVICES

For implementation of new solutions, deployment of equipments, migration to new technologies, V-Tech offers a single point of contact to take the project through the start to end, from the planning to the implementation and management of the project timeline and progress.

ONSITE SUPPORT SERVICES

With our onsite support services, you can rely on our field support engineers to assist you on your preventive and reactive IT requests. Field engineers are available on as needed, scheduled or full time basis to meet the specific IT needs and support strategies for your company.

IT HARDWARE MAINTENANCE SERVICES

Are hardware problems affecting the productivity and efficiency of your staff? V-Tech provides comprehensive hardware maintenance services to resolve your hardware problem and minimize your equipment downtime, thus reducing the impact of hardware breakdown to your business operations.
